

Built to Move. Ready for Business.

PORTÉGÉ X30L-P

The Dynabook Portégé X30L-P is a premium lightweight business laptop designed for professionals who need mobility, performance and reliability throughout their working day.

Starting from just 910 grams, it combines Intel® Core™ Ultra Series 3 processing, integrated AI capabilities and enterprise grade security within a durable magnesium alloy/ABS chassis designed to pass MIL-STD-810H testing methodologies.

Featuring a 13.3" WUXGA display, dedicated Copilot key and comprehensive connectivity, the Portégé X30L-P is built for today's mobile workforce.

Performance & Productivity In Harmony

Powered by Intel® Core™ Ultra Series 3 processors, Intel® Graphics and Windows 11 Pro for Copilot+PC, the Portégé X30L-P delivers responsive performance for everyday business computing. With up to 64GB LPDDR5x onboard memory and up to 2TB PCIe NVMe SSD storage, it provides the speed and reliability professionals depend on.

Mobility Without Compromise

Starting from just 910 grams, the Portégé X30L-P combines premium mobility with business class durability. Its magnesium alloy/ABS chassis is designed to pass MIL-STD-810H testing methodologies, helping it withstand the demands of daily business use.

Designed For The Modern Workday

A compact 13.3" WUXGA display with optional touchscreen provides a clear workspace wherever work takes you. A premium backlit keyboard, large ClickPad and connectivity including Thunderbolt™ 4, HDMI, USB-A and RJ-45 LAN help support seamless productivity in the office, at home or on the move.

AI Ready Productivity

A dedicated Copilot+ key provides fast access to AI-powered assistance, helping streamline everyday tasks and workflows. Combined with integrated AI capabilities and Intel® Core™ Ultra Series 3 processing, the Portégé X30L-P is ready for the next generation of business computing.

Collaborate With Confidence

Featuring an 5MP webcam with optional IR camera support for Windows Hello™ Face Sign-in, dual microphones and DTS® Audio Processing, the Portégé X30L-P helps support clearer communication and more effective collaboration.

Security built in

The Portégé X30L-P combines hardware, firmware and operating system level protections to help safeguard business data, devices and identities. With Microsoft Secured-core PC support (vPro models), TPM 2.0, an optional fingerprint reader and advanced Windows security capabilities, it is designed to help strengthen organisational security.
